### Four students quit the School

SITASHMA TAMANG

SUKRE TAMANG

BIBEK RAILA

SAURAV RAUT

PRINCIPLE SADIP K.C

“Sukre Tamang of class UKG, Sitashma Tamang of class 1, Bibek Raila of class 2 and Saurav Raut of class LKG.” The principle of DMS Sadip K.C says, “We have been trying our best to keep Sukre coming to school. We even went to his home but there was nowhere.”

It’s not a first time Sukre stopped coming school. The teachers somewhere managed to keep him willing to come to school and despite all those efforts Sukre again stopped coming.

HIS parents too are not taking good care of him. Another student Sitashma Tamang quit DMS as she has to move along with her mother where she employed. She said she will teach her daughter in another school close by from where she lives. Bibek raila who hasn’t ever studied for a year also quit school. Before studying in DMS he doesn’t use to study at all. Due to that situation and interest shown by him towards school, He has been studying ever since. Suddenly now it’s already been more than a month he hasn’t shown up in school. And he has no probability of coming. Likewise another student Saurav Raut has also stopped coming to school. Her mother was staying his maternal house. She decided to go to her own house. She was bit disappointed taking Saurav to another place because he was doing well in DMS but there was no choice. She couldn’t leave him alone there. And she also told that if his Sponsor parents want to visit him sometime when they arrive in DMS she can bring him to meet them.

Most of the students and their parents are very backward in many aspects and they go through different situation. So, the education for children is something that is hard to keep up for them even if it is free.

### **Interview with our Music teacher Mr. Rewant Bandari :**

Core into the depth of the ocean and up above the line of Origen, if there is any educational institution that has perfect line of Humbleness and gratitude in teaching practice, its Dolphin Magic School.

I see beautiful eyes of hope and helpful hands of courage around me when I'm in Dolphin Magic School. I always feel immensely delighted to teach the various music to the fast learners like we have in DMS.

Music class is operating twice a week. Day one is Vocal class when students learn to sing and know about approach of music. And in other day students learn to play various musical instruments. Students are proving themselves as an honest music learner.

I would like to thank DMS for giving me such a humble and sonorous environment to teach from my heart. Thank you and god bless.
