

14 New Students Enrolled

As of the start of new academic year 2072 B.S. 14 new students have enrolled in Dolphin Magic School in three different classes. Total of 10 students has joined Nursery level. Similarly two students in Grade 1 and 2 students in L.k.g have now increased the total numbers of students studying at DMS are 73.

Dolphin Magic School has been providing free education especially in Lamagaun area that is underprivileged. Every year new enrollment is made considering the student's family background and their capacity to afford good education. Currently DMS is providing free and quality education for 73 students who have poor economic conditions.

Dolphin Magic School not only provides good education but also a platform for those students which make those students feels better at school than home. Thanks to those helping hands and good hearts behind the success of Dolphin Magic School for what it has become today.
