A Journey of Learning: Educational Tour 2082

Learning goes beyond the four walls of a classroom, and with this belief, Dolphin Magic School organized an enriching educational tour for the students of Classes 7 and 8 from Poush 20 to Poush 25. This five-day journey was filled with exploration, discovery, and unforgettable memories.

Accompanied by dedicated teachers, the students set out to explore some of the most beautiful and culturally significant places in eastern Nepal. The tour began with a visit to Dharan, where students experienced the vibrant local culture and lifestyle.

The journey continued towards the sacred Pathivara Temple in Taplejung. The area was covered in snow, making the surroundings breathtakingly beautiful and creating a magical atmosphere. It was a unique experience for many students, as they witnessed snowfall and snowy landscapes for the first time. Surrounded by natural beauty and spiritual serenity, students not only observed religious practices but also learned about the temple's historical and cultural importance.

Another highlight of the tour was the visit to Ilam, a place renowned for its lush green hills and tea gardens. The peaceful environment allowed students to connect with nature while gaining knowledge about local agriculture and geography. Students and teachers also wore different cultural dresses, representing our rich culture and traditions.

Throughout the tour, students developed a sense of independence, teamwork, and responsibility. The journey strengthened friendships, created lasting memories, and provided valuable real-world learning experiences.

Indeed, this educational tour was not just a trip, but a meaningful journey that blended knowledge with adventure—leaving every participant inspired and enriched. Students learned about local agriculture, geography, and the natural environment firsthand. They also visited a sacred temple, which offered insights into local religious traditions and cultural practices. Experiencing cultural traditions through dress further helped them appreciate diversity. The tour encouraged respect for different ways of life and community practices, making it a memorable experience full of learning, culture, and lasting memories.

Sports week and prize distributions

Dolphin Magic School proudly hosted the Annual Sports Days from Magh 21 to Magh 23, a three-day event filled with enthusiasm, competition, and excitement. The event was designed to encourage physical fitness, teamwork, and the spirit of healthy competition among students.

Throughout the three days, students actively participated in a variety of games and activities, showcasing their talent, determination, and sportsmanship. Competitions included marathon, mathematical race, kho-kho, volleyball, football, and badminton, providing students with opportunities to display both their physical agility and strategic thinking.

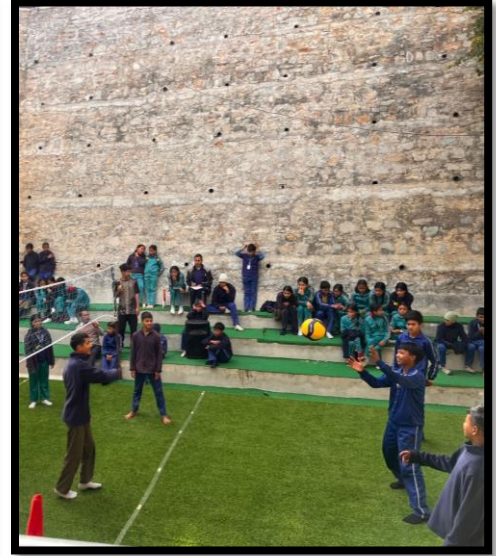

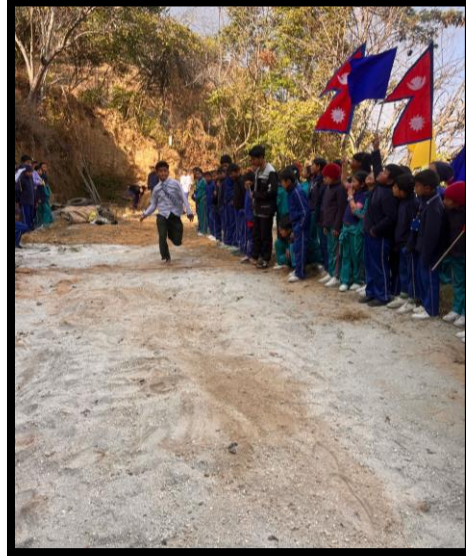

The Sports Days were not only about winning but also about fostering collaboration, discipline, and perseverance. Students cheered for each other, learned the value of fair play, and experienced the joy of participating in collective activities. Outstanding performers were recognized and awarded prizes, motivating others to strive for excellence in future events.

The event also served as a platform for students to strengthen friendships, build confidence, and create lasting memories. Teachers and staff actively guided and supported the students, ensuring smooth organization and a safe environment for all activities.

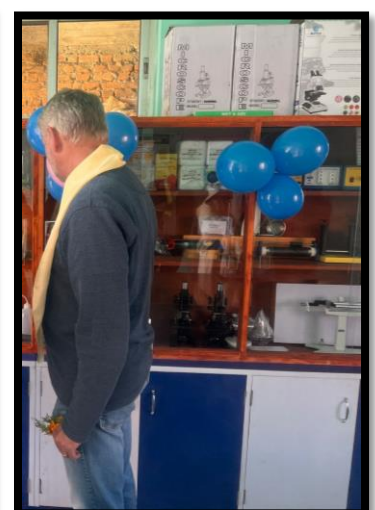

Overall, the Annual Sports Days were a grand success, reflecting the school's commitment to holistic development by combining academics with extracurricular excellence. The energy, spirit, and enthusiasm displayed by the students made these three days truly unforgettable.

Science Lab

DMS proudly inaugurated a fully equipped Science Laboratory, marking a significant step in enhancing practical learning for students. The lab is furnished with all necessary equipment to support experiments in Physics, Chemistry, and Biology, allowing students to apply theoretical knowledge through hands-on experience.

This facility aims to foster scientific curiosity, critical thinking, and creativity among students. The new lab reflects our school's commitment to providing quality education and preparing students for future academic and scientific endeavors.

Class 8 farewell

Dolphin Magic school, along with students of Classes 6 and 7, warmly bid farewell to our Class 8 students in a heartfelt ceremony. The event was organized to celebrate their achievements and to wish them success in their upcoming exams and future endeavors. It was a meaningful occasion that combined appreciation, encouragement, and memories of the time spent together.

During the ceremony, teachers and younger students expressed their gratitude and shared inspiring messages. The students of Classes 6 and 7 actively participated, presenting speeches and small tokens of appreciation, reflecting on the guidance and support they received from their senior classmates. The event highlighted the bonds of friendship and mentorship that flourish within our school community.

The farewell served as a reminder of growth, perseverance, and the importance of striving for excellence. As we said goodbye to the Class 8 students, everyone extended their best wishes for a successful and bright future, hoping that they continue to achieve their goals and make proud contributions in the years ahead.

BLE Examination

DMS Class 8 students participated in the BLE (Basic Level Education) Examination which started on Chaitra 1. This important exam is a milestone in their academic journey that evaluates knowledge, skills, and readiness for higher studies.

Teachers and fellow students offered guidance and encouragement, helping the examinees approach the exam with confidence, focus, and dedication. The participation in the BLE exam reflects the hard work and commitment of our students. We wish all examinees great success and hope they continue to excel in their future pursuits.

Sponsor Parents Visit

Zorah and Sudhir came to DMS to visit their sponsored child, Aarush. During their visit, they also met his mother, making the occasion even more special.

They spent meaningful time together and brought several thoughtful gifts for Aarush, which made him very happy. The visit strengthened their bond and created wonderful memories.

The DMS family appreciated this kind gesture and felt grateful for the care and support shown to Aarush.

Annual Examination and Result Distributions

DMS conducted the Annual Examination from Chaitra 5 to Chaitra 12, providing students with an opportunity to demonstrate their academic learning and progress throughout the year. The exams covered all subjects, encouraging students to apply their knowledge, critical thinking, and problem-solving skills.

Teachers guided and supported students during the examination period, emphasizing preparation, discipline, and focus. Students approached the exams with dedication and determination, reflecting their commitment to learning.

The announcement of the results celebrated the achievements of all students. We congratulate everyone for their efforts and encourage them to continue striving for excellence in their future achievements.

New admission

Dolphin Magic School successfully conducted its admission drive for the academic year 2083 from **Chaitra 1 to Chaitra 12**. The event marked an important period for the school as it welcomed numerous prospective students and their parents. Parents had the opportunity to learn more about the school's academic approach, facilities, and commitment to holistic development.

The admission drive reflected the school's dedication to creating a positive first experience for new students and strengthening its connection with the community. We are delighted by the enthusiastic response and look forward to beginning the new academic session with a vibrant group of learners.

Dolphin Magic School remains committed to nurturing young minds and providing quality education in a supportive and inspiring environment.

Nepal Welcome its new Prime Minister

On 13 Chaitra 2082 (27 March 2026), Balendra “Balen” Shah was sworn in as the Prime Minister of Nepal. The ceremony was held in Kathmandu, and President Ram Chandra Paudel administered the oath. Shah became one of the youngest leaders to hold this office. His appointment marks a new phase in Nepal’s political landscape.

After taking office, Prime Minister Shah quickly formed his **15-member Council of Ministers**. Key appointments included **Swarnim Wagle** as Finance Minister, **Sudan Gurung** as Home Affairs Minister, and **Shishir Khanal** as Foreign Affairs Minister. Other ministers were assigned to Education, Health, Infrastructure, and Social Welfare portfolios. The cabinet reflects a mix of experienced politicians and technocrats.

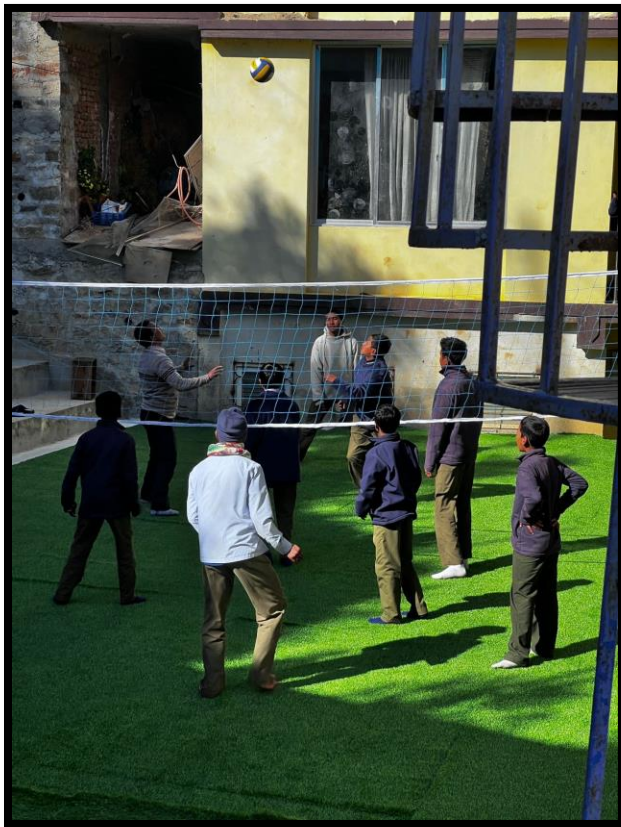

In his first speech, Shah highlighted priorities such as development, good governance, and inclusive progress. He emphasized strengthening the economy, improving public services, and fostering national unity. Shah also pledged to maintain transparency in government operations. International leaders congratulated him and expressed hopes for continued cooperation.

The new government is expected to focus on economic growth, infrastructure development, and social welfare programs. Observers are closely watching how Shah's leadership will address Nepal's key challenges. The Prime Minister and his cabinet face high expectations from citizens. The coming months will be crucial in shaping Nepal's future under his administration.
